

SYED KAYES MAHMUD

Full Stack Developer

Savar, Dhaka | syedkayesmahmud@email.com | +880 1737787307 | <https://github.com/kayes-2003> | <https://linkedin.com/in/syed-kayes-mahmud-b722b5347> | <https://kayes-portfolio-lemon.vercel.app>

SUMMARY

Full stack developer with 2+ years building and shipping web applications end-to-end, from React/TypeScript front ends to Node.js/Python back ends and cloud deployment. Comfortable owning a feature from database schema to production release. Strong focus on clean architecture, test coverage, and performance.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, SQL, HTML5, CSS3

Frontend: React, Next.js, Redux, Tailwind CSS, Vite

Backend: Node.js, Express, Django, REST APIs, GraphQL

Databases: PostgreSQL, MongoDB, Redis, Supabase

DevOps / Cloud: Docker, AWS (EC2, S3, Lambda), CI/CD (GitHub Actions), Vercel

Tools: Git, Jest, Cypress, Postman

EXPERIENCE

Senior Full Stack Developer | Freelance — University & Agency Projects

Jan 2026 – Present

- Led migration of a legacy monolith to a microservices architecture using Node.js and Docker, reducing average API response time by 38%.
- Built a React/TypeScript dashboard used by 1,000+ monthly active users, improving page load speed by 45% through code-splitting and lazy loading.
- Designed and implemented RESTful APIs and PostgreSQL schemas for a payments module handling BDT 1M+ in monthly transactions.
- Mentored 3 junior developers and introduced a CI/CD pipeline (GitHub Actions) that cut deployment time from 45 to 8 minutes.

Full Stack Developer | Alumni Association, Jahangirnagar University

Jun 2025 – Dec 2025

- Developed and maintained customer-facing web applications using React, Express, and Supabase serving 50,000+ users.
- Implemented JWT-based authentication and role-based access control across 5 internal tools.
- Collaborated with product and design teams to ship 20+ features on a two-week sprint cycle, maintaining 90%+ test coverage with Jest and Cypress.
- Optimized SQL queries and added caching with Redis, cutting average database load by 30%.

Junior Web Developer | Jahangirnagar University Science Club

Aug 2024 – May 2025

- Built responsive websites and landing pages using HTML, CSS, and vanilla JavaScript for 15+ small projects.
- Assisted senior developers with bug fixes and QA testing across client React projects.

PROJECTS

University Sports Live Score Update Platform | Personal Project

2026

- Built a real-time sports score tracking platform for university tournaments using React, Node.js, and Socket.io, delivering live score updates to 1,000+ concurrent viewers with sub-second latency.

WiFi Security Extension | Personal Project

2025

- Built a browser extension that scans connected WiFi networks for common vulnerabilities (weak encryption, open ports, default credentials) and alerts users in real time; built with JavaScript and the WebExtensions API.

EDUCATION

B.Sc. in Statistics and Data Science | Jahangirnagar University

2023 – Present

CERTIFICATIONS

- AWS Certified Developer – Associate (2025)
- Meta Front-End Developer Professional Certificate (2024)
